

PROJECT SOS - SCHOOL

Student profile

An IEP is a plan to help you enjoy school more, learn better and build upon the things you are good at. You and your parent(s), teacher and other school people who care about you will work together with you to figure out what kind of school experiences are best for you.

It is important you are part of this process. You will learn how to speak for yourself and learn to help get your needs met. Talk with your parent(s) about the IEP meeting, your life, how you are doing at school and how your disability affects your life.

When it is your turn to talk at the meeting you can give people a copy of this chart and you can use it to talk from.
